Every garden is unique, so please plant whatever you feel like planting whenever you like. Here are my priorities for the Blue Borage garden in Titirangi, West Auckland:

Basil & coriander on the leaf days, along with a wide range of lettuces.

Tomatoes, Beans, Cucumbers & Courgette on the fruit days.

Baby turnips and carrots on the root days.

ALL the flowers on every possible flower day,

because I can never have enough flowers.

Are you on my weekend email list, for reminders of gardening tasks to align with the biodynamic moon calendar? If not, you can join at www.blueborage.co.nz
