Every garden is unique, so please plant whatever you feel like planting whenever you like. Here are my priorities for the Blue Borage garden in Titirangi, West Auckland:

Lettuces and Asian greens on the leaf days.

Beans, Peas and Courgettes on the fruit days.

Baby turnips, onions, daikon and carrots on the root days.

ALL the flowers on every possible flower day,

because I can never have enough flowers.

Are you on my weekend email list of gardening tasks to align with the biodynamic moon calendar? If not, you can join at [www.blueborage.co.nz](http://www.blueborage.co.nz) or just send an email to me at [katrina@blueborage.co.nz](mailto:katrina@blueborage.co.nz) to sign up.
