Every garden is unique, so please plant whatever you feel like planting whenever you like. Here are my priorities for the Blue Borage garden in Titirangi, West Auckland:

Basil & coriander on the leaf days, along with a wide range of lettuces.

Tomatoes, Beans, Cucumbers & Courgette on the fruit days.

Baby turnips and carrots on the root days.

**ALL the flowers on every possible flower day,
because I can never have enough flowers.**

Are you on my weekend email list, for reminders of gardening tasks to align with the biodynamic moon calendar? If not, you can join at www.blueborage.co.nz
